Company Name

Wolf Medical Systems

Product Name

Wolf Medical Suite

Business Location (*city*)

Surrey

Jurisdiction of Incorporation (*province or country*)

British Columbia

Company Description

Wolf Medical Systems is a leading national provider of electronic medical records software for physician offices and medical clinics across Canada. Founded by BC physicians in 1998, the company has hundreds of installed sites and thousands of physicians and allied healthcare users across Canada. Hundreds of BC clinics use Wolf to enhance patient care and to increase the efficiency, effectiveness and enjoyability of the practice of medicine.

Product Description (Offering under PITO program)

Wolf Medical Suite includes a complete set of physician-designed applications that automate the unique processes of billing, scheduling, workflow planning, clinical practice and chronic disease management for physician offices and medical clinics. Wolf Medical Suite includes many features for BC clinics, including a complete BC Billing application; an extensive list of forms, templates and lists for BC practitioners; and a robust CDM Toolkit.
